

Matterport Virtual Tours

A walkable 3D model of your property anyone on your team can explore from a browser — no site visit required.

MATTERPORT PRO3 PRECISION

AS LITTLE AS 48-HR DELIVERY

WHAT YOU GET

Walkable 3D Tour

A fully explorable digital twin of the property, viewable from any browser — no software, no app download, no scheduling a walk-through.

Floor Plans & Measurements

Auto-generated schematic floor plans and a dollhouse view, measured directly from the scan — accurate enough to plan around.

One Link, Shared Anywhere

Drop it into a listing, an email, or a text. Embed it on your own site. Every stakeholder sees the exact same space.

A Full Year of Hosting Included

Revisit the space anytime over the next 12 months without booking another scan — hosting is included at no extra charge, with extensions available on request.

HOW IT WORKS

- 01 **The first call.** 20–30 minutes with the team doing the work, not a salesperson.
- 02 **Onsite capture.** Planned around how your building runs. You know who is on site and when.
- 03 **Processing.** Checked before anything goes out. You are not the quality control.
- 04 **Delivery.** Files in the formats you work in, plus a handoff call.

TURNAROUND

Capture to delivery in as little as 48 hours.

WHAT WE NEED FROM YOU

- Access to every space you want in the tour, for one site visit.
- Spaces set up the way you want them seen. The camera captures everything in view.
- Lights working, doors unlocked, and someone reachable by phone on the day.

NOT INCLUDED

- Dimensions certified for construction documents. That's As-Built / Scan-to-BIM.
- Modeled MEP documentation. Visible systems show up in the tour; they aren't modeled.
- Hosting past the first 12 months. Extensions are available on request.
